To: Grant Beck  
City of Yelm Community Development Department  
105 Yelm Ave West  
Yelm WA98597

Grant Beck,

I am writing to strongly oppose and protest against your intention to drill and pump over 4,000 acres feet of water as you posted on the City website. It will harm the private wells of residents.

I am also protesting your intention to pump 7000 GPM as intended in your water right mitigation proposal ( P 6 ).

It will effect my well water, as well as all Yelm resident and surrounding area!

Please take it to heart,

  
Eran ben-Sira
