Re: Water System Plan

Dear Mr. Beck:

As a citizen of this community with her own private well,  
I demand that you stop the City of Yelm Water System Plan  
as the amount of water will effect my private well.

The land that that you are focused upon is not longer valid  
and is in default.

The City of Yelm has no rights or access to the land you are  
focused upon.

I demand that you stop this Water System Plan.

Karen Yule
