Subject: City of Yelm- Water Resource Planning

Hello Mr. Beck,

My name is Eva Gomez and we (Jose Hernandez and I) are sending you this e-mail concerning the City of Yelm's water resource planning. As a resident of the [City of Yelm](#), we are requesting an Environmental Impact Statement to protect the public interest and our local aquifer. The public input is one of the most valuable keys to provide the wellness of the City of Yelm, a key that must not get lost in the greed of private developers.

Thank you for your time,

Eva Gomez and Jose Hernandez
