Subject: Disagree w City of Yelm approach to water resousce planning!

Dear Mr. Beck,

As students of RSE living in the outlying Yelm area - but attending events at RSE in Yelm: WE strongly object to the City of Yelm's approach to water resource planning and urge you to protect us from this plan. Protect the water aquifer in some better way than this proposal and represent us as local voters.

Thank You
sincerely.

Ms. Paulette Alaena
