Subject: RE: YELM WATER PLAN

TO: Grant Beck

As a person that is going to be impacted by the potential Yelm Water Plan I am asking that the city of Yelm follows the proper legal processes such as a Mitigated Determination of Non Significance (MDNS) and have a public hearing concerning this crucial issue.

The proposed five-fold increase in water withdrawal will have a costly and dramatic impact on the area.

I am asking your department to make sure that a Mitigated Determination of Non Significance (MDNS) and not an Environmental Impact Study (EIS) is done!

Yours sincerely,
