Dear Jay Manning,  
Mary C. Selecky  
Grant Beck,

I ask that you reconsider the proposed new well in Yelm and ask that it be repealed. I moved to Yelm three years ago from Charleston, South Carolina to become and active member of this community and the Ramtha School of Enlightenment. I have been a renter and now want to buy a house, This well issue is making me have second thoughts of living in the Yelm area.

Thank you for your efforts and consideration,  
Christine Johnson
